Environmental

- Frameless (beam), hybrid & conventional designs
- Natural rubber with graphite coating; silicone option
- Operating range -40 °C to +80 °C
- 50,000+ wipe cycles service life
- Multi-adapter fits 99% of wiper arm types
- Best seller — highest repeat order rate

Size Range	12" / 14" / 16" / 17" / 18" / 19" / 20" / 21" / 22" / 24" / 26" / 28"
Rubber Material	Natural rubber with graphite coating / silicone option
Frame Material	High-carbon steel / A356 aluminum (frameless)
Adapter Types	J-hook (9×3 / 9×4), side pin, bayonet, push button, top lock
Packaging	Color box / blister / neutral / custom OEM

- ToyotaHondaNissanHyundaiKiaMazdaMitsubishiSuzukiVolkswagen
- BMWMercedes-BenzAudiFordChevroletPeugeotRenaultFiat

MOQ: 500 pcs per item · mixed sizes allowed in one order · free samples available

- High-efficiency pleated design
- Filtration efficiency $\geq 99\%$ (ISO 5011)
- Initial pressure drop ≤ 2.0 kPa at rated airflow
- Dust holding capacity 150–300 g by size
- Water-repellent paper treatment available
- Service interval 15,000–30,000 km

Filter Paper	Imported HV / Ahlstrom / Kolbenschmidt (80–120 gsm)
Frame Material	PU (polyurethane) / PP (polypropylene) / metal mesh
Operating Temp	–40 °C to +120 °C
Packaging	Color box / shrink wrap / neutral / custom OEM

MOQ: 500 pcs per item · mixed models allowed in one container · free samples available

- Spin-on, cartridge & eco filter types
- Filtration efficiency $\geq 95\%$ at 20–40 micron (ISO 4548-12)
- Calibrated bypass valve 1.0–2.5 bar
- Silicone / nitrile anti-drain valve prevents dry starts
- ≥ 15 bar burst pressure
- Service interval 5,000–15,000 km

Filter Media	Glass fiber / cellulose blend / synthetic (high efficiency)
Canister	0.5 mm steel with anti-corrosion coating / high-temp plastic
Thread Sizes	3/4-16 UNF, M20×1.5, M22×1.5, 13/16-16, etc.
Packaging	Color box / neutral / custom OEM

MOQ: 500 pcs per item · mixed models allowed in one container · free samples available

- Particle, activated carbon, anti-bacterial & bio-functional types
- Particle efficiency $\geq 95\%$ at 0.3 micron (PM2.5 rated)
- Pollen removal $\geq 99\%$
- Activated carbon adsorbs NO_x, SO₂, VOCs & odors
- Air flow resistance ≤ 80 Pa at rated airflow
- Service interval 10,000–20,000 km or 12 months

Media	Melt-blown non-woven / electrostatic paper / activated-carbon impregnated
Frame	PP plastic / non-woven fabric edge / foam gasket
Anti-bacterial	$\geq 99\%$ against E. coli & S. aureus (optional)
Packaging	Color box / neutral / custom OEM

MOQ: 500 pcs per item · mixed models allowed in one container · free samples available

01 — OEM & Private Label

Custom logo printing, private-label packaging and neutral export boxes. Our design team prepares your artwork free of charge. New part numbers developed from samples or OE references.

02 — Flexible MOQ & Mixed Containers

MOQ from 500 pcs per item. Combine wiper blades and different filter models in one container — ideal for building a full assortment without overstock.

03 — Quality Assurance

Produced in IATF 16949 / ISO 9001 certified facilities. Every batch inspected before shipment; 12-month warranty on manufacturing defects with 48-hour claim review.

04 — Export Logistics

Shipping from Qingdao & Tianjin ports. FOB / CFR / CIF terms, T/T & L/C payment, 15–30 day production lead time. Your own freight forwarder is always welcome.
